

SPECIAL REPORT!

A robbery!

We received word from our colleagues Mikael and Jeni Bister that our house in Mozambique was broken into last night. Jeni was the only one at the house at the time and three men demanded keys to our Land Rover and the Bister's Toyota. The thieves were unable to start the Land Rover but did succeed in stealing the Toyota.

Thankfully Jeni was unhurt. Pray that the Bisters get their vehicle back and that our house and vehicle remain safe. Our residence papers were also stolen so we will have to start our residency process all over again.

supporting churches.

Our financial support is not at 100% but it is strong enough that we have been cleared to return to the field. God takes care of us every day and I'm confident that he will continue to bless us bountifully as he has during our entire adventure in Africa.
